

HOW IT WORKS

Generate videos in minutes from any text, image, or voice

01

Create an avatar

Either upload an image and stylise,
or generate from a prompt

02

Add your audio

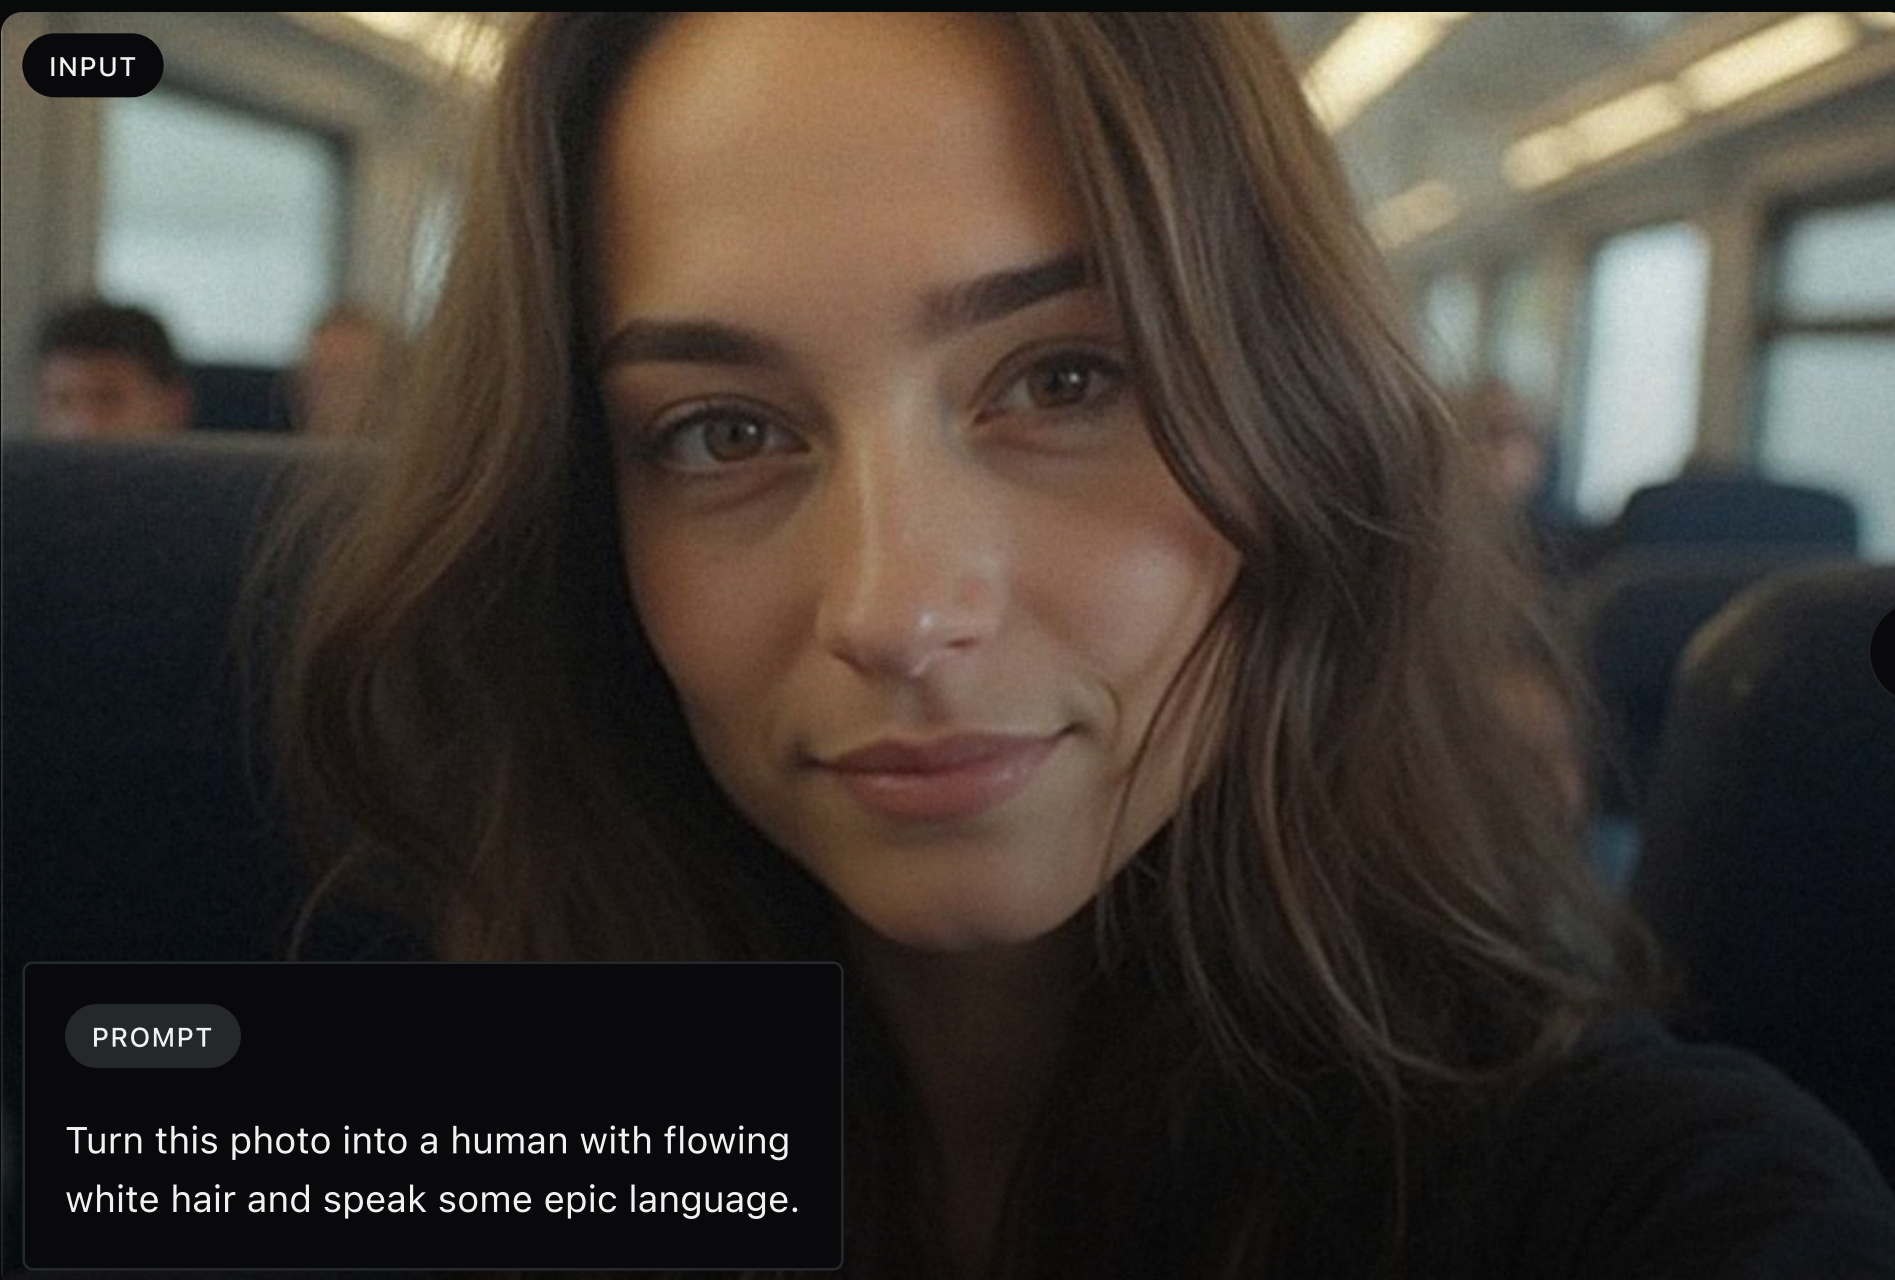

Type in your dialogue for text-to-
speech or directly upload audio

03

Choose a voice

Choose from a preset voice or start
by using your own

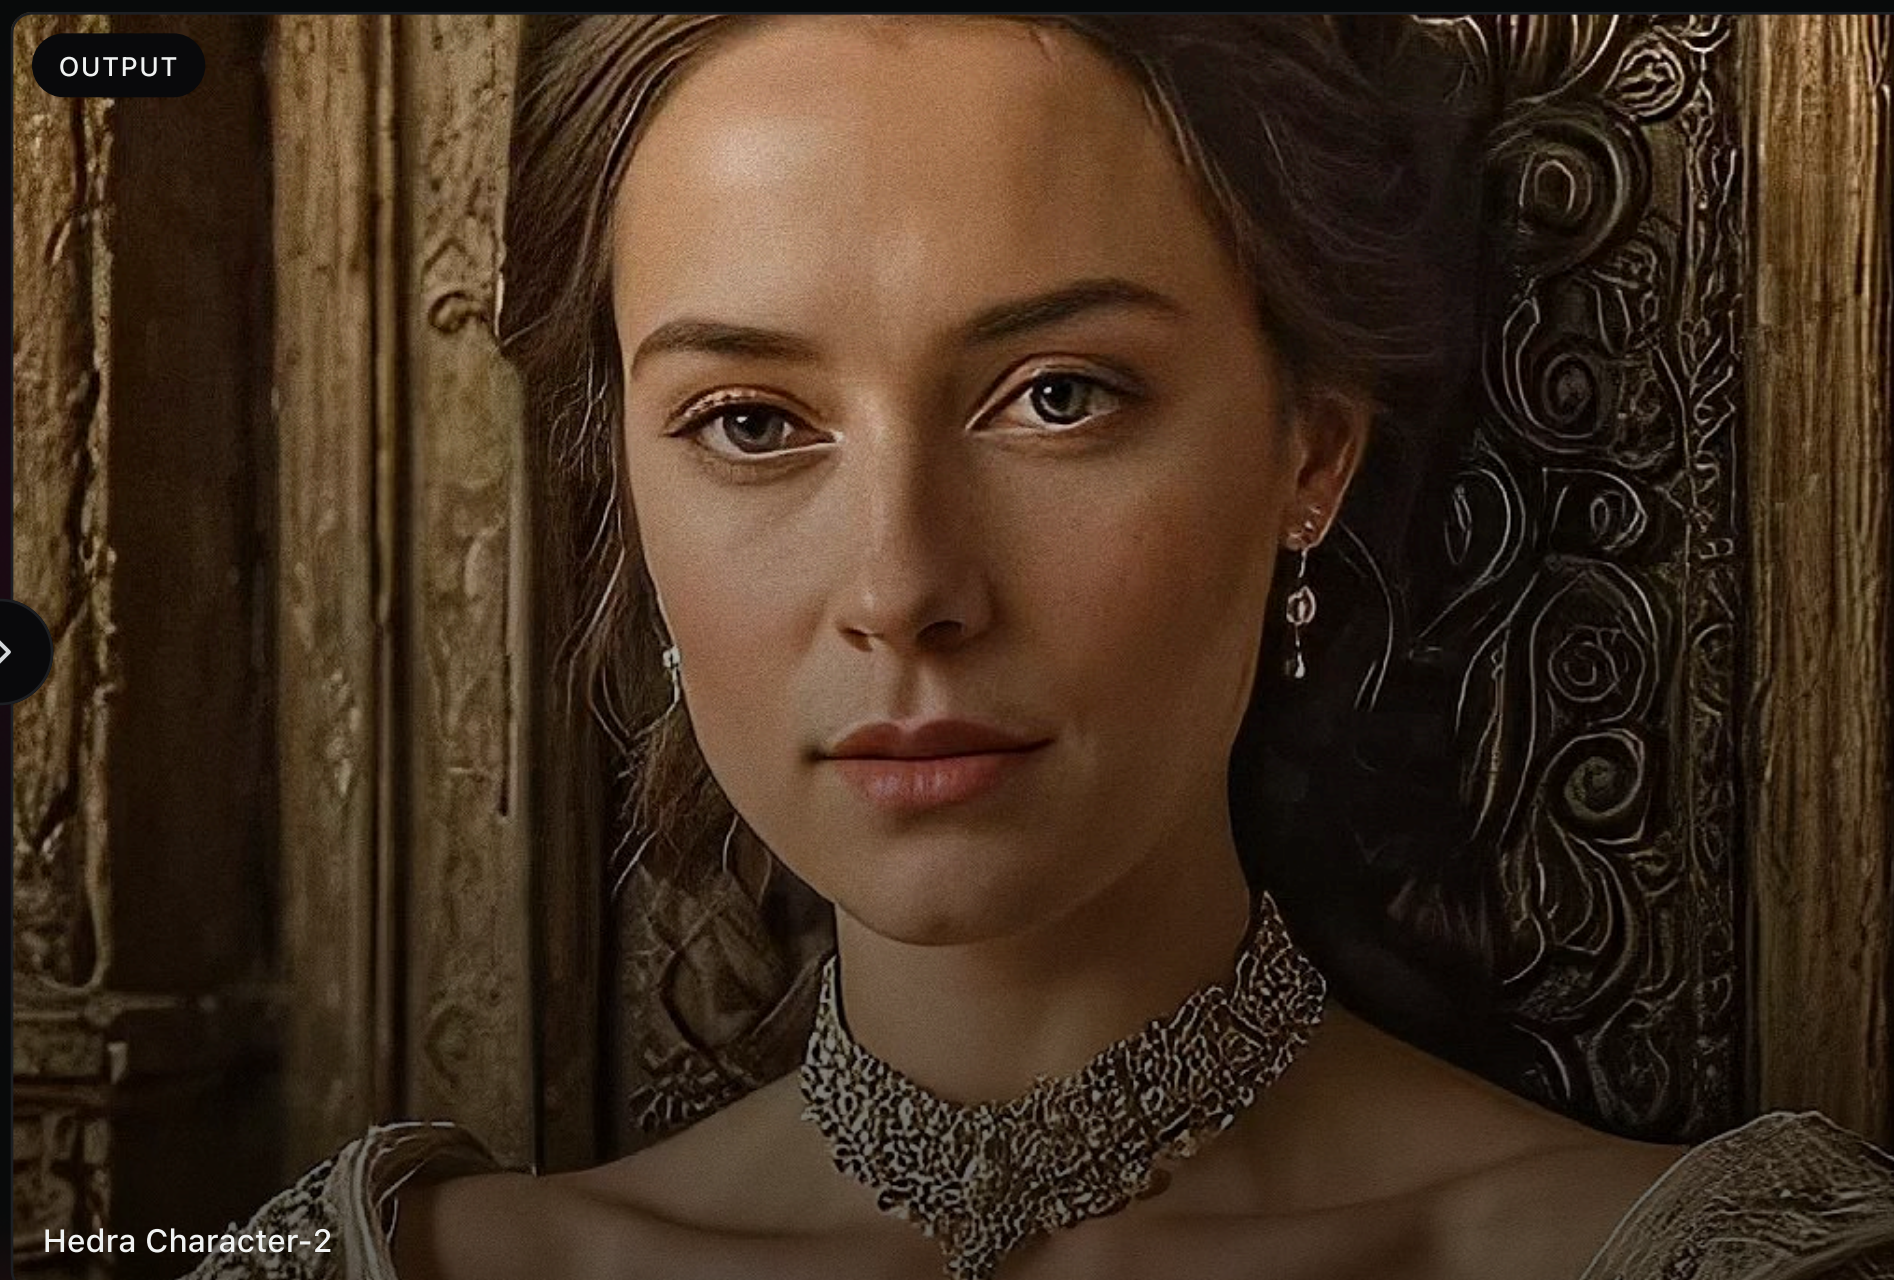

INPUT

PROMPT

Turn this photo into a human with flowing
white hair and speak some epic language.

OUTPUT

Hedra Character-2
